

NONOMO[®]

Take time out from the everyday hubbub. Go to sleep relaxed. Wake up happy. Feel nature, feel close to loved ones. Focus on the essentials and listen to your inner clock. Feel good!

NONOMO® adapts to your everyday life. Our Swinging Hammocks in tried and tested quality provide a safe and cosy haven, and ensure your baby is close by your side. In the living room, on your travels or under the pear tree – wherever your baby needs to sleep, the high-quality hammock is close at hand. And it grows with your baby. Giving you confidence, and keeping your baby snug – anytime, anywhere.

FEEL CLOSE. RELAX.

THE SWINGING HAMMOCK

GENTLY ROCKED TO A HAPPY SLUMBER

To relax, your baby needs to feel safe and snug. Thanks to the rocking motion of the specially designed hammock, which swings freely from the NONOMO® spring, even babies who tend to cry a lot are soothed into blissful sleep. And no wonder: the gentle sway recalls for them the

protection of their mother's womb. Sleep simply couldn't be more natural. And talking of natural, the Swinging Hammock's ergonomic design imitates baby's natural sleeping position, allowing the back to curve and aiding healthy spine development.

WHEN DESIGN ALSO WORKS WELL

The NONOMO® Swinging Hammock works by keeping it natural. Its gentle curve means your baby's body weight is distributed evenly all over his or her back. This not only takes the pressure off the coccyx and shoulders, it enables the back of the head to develop correctly. And by the way, our Swinging Hammocks

are as flexible as you are. You can attach them to the ceiling, hang them from a stand, or – with the NONOMO® Door Clamp – fix them to the door frame, as you wish. NONOMO® is also your perfect companion when you're on the go: light-weight and handy, the Swinging Hammock fits in any luggage.

WE TAKE THE SPIRIT OF KEEPING IT NATURAL EVEN FURTHER

For only quality is a guarantee of health and safety. That's why we use only high-quality, natural materials, such as untreated, certified organic cotton and wool.

Sustainability is a common theme embracing all we do: from product design to customer care, we take our responsibilities seriously.

THIS MUCH IS CERTAIN

Children are our greatest resource. Their health and safety is our uppermost priority. That's reason enough for us to have our products and materials independently certified. This commitment is the least we can do.

REVIEWS

BECAUSE HAPPINESS WORKS

With NONOMO®, sleeping well and enjoying life go hand in hand. How wonderful that this partnership works so well! We hear this time and again not just

from parents – midwives and therapists are also convinced of the NONOMO® Swinging Hammock's positive effects.

DR. MED. RÜDIGER LANGENBERG
CHIEF PHYSICIAN OF THE GYNAECOLOGICAL CLINIC OF THE CLEMENSHOSPITAL IN MÜNSTER

“The NONOMO® Swinging Hammock is the perfect companion for relaxed babies and parents. It gives the parents the freedom they need and promotes the development of the newborn child.”

(translated from German)

More than 150 midwives and other experts recommend our NONOMO® Swinging Hammock!

CREATE YOUR OWN

WE GROW WITH YOU

We designed the NONOMO® Swinging Hammock as a modular product. This way, you can buy precisely those modules that you really need and like for your personal sleep system. Of course, we also have practical, complete systems that come with all modules.

Psssst! Did you know that the Swinging Hammock isn't just for babies? Thanks to its modular design, it adapts easily to changing needs and life circumstances.

THE CHOICE IS YOURS

You can configure the Swinging Hammock yourself according to your mood, so that it becomes your personal sleep system.

You have the choice of spring, hammock and mattress and you decide whether the stand, door frame clamp or ceiling attachment is better suited to your needs.

OUR CLASSICS

NONOMO® COMPLETES

The NONOMO® Classic Swinging Hammocks are also available as complete sets.

All our sets are naturally manufactured in organic quality and are supplied with ceiling attachment and synthetic fibre mattress.

The following NONOMO® models are also available as a complete set:
